OBJECTIVE

A dedicated professional with a background in **Operations Management** and **Web Development**. Currently pursuing a degree at **Ilma University** with a strong ambition to transition into **Cyber Security**. I aim to leverage my technical skills in HTML, CSS, and JavaScript to build and secure digital infrastructures.

EDUCATION

- **Bachelor's Degree (In Progress)** *Ilma University, Karachi*
- **Intermediate** *Completed*
- **Web Development Certificate** *Infra Professional Institute, Karachi*

PROFESSIONAL EXPERIENCE

Administrator Operations | *Asia Gas Appliances, Karachi (Current Job)*

- Managing daily operational activities and administrative workflows.
- Coordinating between teams to ensure efficient business processes.
- Handling documentation and data entry for operational accuracy.

TECHNICAL SKILLS

- **Web Technologies:** HTML5, CSS3, JavaScript (ES6), Bootstrap 5.
- **Operations:** Administrative Support, Office Management, Workflow Optimization.

PROJECTS

Z-Lane Broast Website Developer | *[Live on GitHub]*

- Designed a fully responsive landing page for a restaurant business.
- Used **Bootstrap** for a mobile-first approach and **JavaScript** for interactive elements.
- Successfully deployed and managed the project via GitHub Pages.

PERSONAL INFORMATION

- **Father's Name:** Afsar Ali
- **Nationality:** Pakistani
